For annuities not held in an IRA account, Section 1035 of the Internal Revenue Code allows you to make a tax-free exchange of one annuity contract for another annuity contract.

To Delivering Firm: Unless otherwise indicated in the instruction in Section 2 on previous page, please transfer all assets in my account to Charles Schwab & Co., Inc. ("Schwab"). I understand that to the extent any assets in my account are not readily transferable, with or without penalties, such assets may not be transferred within the time frames required by New York Stock Exchange Rule 412 or similar rule of the National Association of Securities Dealers or other designated examining authority. Unless otherwise indicated in the instruction in Section 2, I authorize you to liquidate any nontransferable proprietary money market fund assets that are part of my account, and transfer the resulting credit balance to the successor custodian. I understand that you will contact me with respect to the disposition of any other assets in my securities account that are nontransferable. I authorize you to deduct any outstanding fees due you from the credit balance in my account. If my account does not contain a credit balance, or if the credit balance in the account is insufficient to satisfy any outstanding fees due you, I authorize you to liquidate the

assets in my account to the extent necessary to satisfy that obligation. If certificates or other instruments in my account are in your physical possession, I instruct you to transfer them in good deliverable form, including affixing any necessary tax waivers, to enable the successor custodian to transfer them in their name for the purpose of sale, when and as directed by me. I understand that upon receiving a copy of this transfer instruction, you will cancel all open orders for my account on your books. I affirm that I have destroyed or returned to you credit/debit cards and/or unused checks issued to me in connection with my securities account.

For Retirement Accounts: If this transfer of account is for a qualified retirement account, I have amended the applicable plan so that it names Schwab as successor custodian. If this transfer of account is for an IRA, I hereby adopt or reaffirm my adoption of the Charles Schwab & Co., Inc. Individual Retirement Plan. If I am transferring an IRA and the IRA type indicated on my statement is different from the IRA I currently maintain at Schwab (e.g., Traditional IRA vs. Rollover IRA), I hereby authorize Schwab to commingle my IRA assets.

Fees: If the assets I am transferring are considered nonstandard assets at Schwab (such as limited partnerships), I understand that I will be charged set-up and maintenance fees.

I understand that fractional shares of stock are nontransferable, and I agree that any fractional shares will be liquidated by the delivering firm upon the transfer of the whole shares. The delivering firm may or may not charge a fee for this liquidation.

I understand that the delivering firm may or may not assess account fees for the transfer and/or termination of my account with them.

Mutual Fund Dividends and Capital Gains (Account Transfers via ACAT Only):

I understand that my delivering broker may provide Schwab with mutual fund dividends and capital gains distribution instructions for each mutual fund position, so that Schwab may implement these instructions. In the event that the instructions are not provided by the delivering broker or the dividend and/or capital gains distribution option requested is not available at Schwab, the instructions will default to reinvest (unless reinvestment isn't available, in which case dividends and capital gains will be paid in cash).

Types of Transfers

Brokerage, Trust Company or Dividend Reinvestment Plan Account Transfers

- If you want dividend reinvestment on your stocks, you will need to call 1-800-435-4000 after your transfer is complete.

Mutual Fund Company Transfers

- If dividend reinvestment is not available for your shares, Schwab will automatically pay all future dividends and capital gains distributions in cash.
- Requests to sell mutual fund positions are dependent upon the delivering firm receiving and processing the request and may take several weeks to complete.
- If your fund is not transferable as shares, you may consider initiating a redemption at the fund company and request that they deliver cash to your Schwab account for a faster transfer.

Bank or Credit Union Transfers

- If you are transferring a maturing certificate of deposit, submit the transfer request no more than two or three weeks before the maturity date. Otherwise, you may incur early withdrawal penalties.
- If a phone number for your bank is not on your account statement, please write one in to prevent any delays.
- Your bank may charge a wire fee to transfer funds to Schwab.

Insurance Company Annuity Transfers/Exchanges

We recommend that you contact your existing insurer to verify the status of any charges or benefits before you proceed with your transfer/exchange request. Please also note that, in order to process your request, additional documentation and information may be required by Schwab or the current insurer.

Rollovers from Company Retirement Plans

Please consult with your plan administrator before initiating a transfer request. Then, to roll over your 401(k) or another employer-sponsored retirement plan, call a Schwab Rollover Consultant at **1-877-412-6116**. From filling out paperwork to answering your questions and helping you work with your plan administrator, a dedicated Rollover Consultant will personally manage the process for you from start to finish, making it easy to roll over to a new IRA.

Contingent Orders

Schwab will not accept or honor any oral or written instructions from you to purchase or sell securities with the proceeds of the cash and/or transferred securities before we have actual receipt of your assets and the transfer process is complete.

Frequently Asked Questions

How long will it take?

Depending on the type of securities, a typical transfer will take approximately three weeks. However, some may take up to six weeks or even longer.

Please remember that while we make every effort to ensure a swift transfer, the actual transfer time depends on how quickly securities are liquidated and released or transferred by the financial institution currently holding your investments.

Will I be charged a fee?

An exit fee may be charged by your previous financial institution upon receiving your transfer request.

Are my funds transferable?

Schwab can transfer over 6,000 different mutual funds. Some financial firms issue their own (proprietary) mutual funds, and these funds typically cannot be transferred to any firm. Also, there are some mutual fund companies with whom Schwab has not established an agreement with the fund issuer to hold a particular mutual fund. If the mutual fund cannot be transferred, then you may be notified by mail.

How do I sell assets prior to transfer?

If there are assets that need to be sold before being transferred to Schwab, please instruct the delivering firm to sell assets in your brokerage or trust company account and cancel dividend reinvestment **prior** to sending this form to Schwab. This helps ensure that liquidations proceed efficiently, because many brokerage or trust companies will not accept instructions from Schwab to sell assets.

On a mutual fund transfer where the fund is held directly with the mutual fund company, you may utilize Section 2B of the Transfer Your Account form to facilitate the liquidation (sell).
